Michigan’s State Regulated Autism Insurance Coverage is in Effect!

ABA Training Now Available

The Autism Alliance of Michigan is pleased to have partnered with the College of Applied Human Services for the provision of effective, accessible, and affordable Applied Behavior Analysis (ABA) Practitioner Training Programs

✓ Coursework online for individuals working with autism including: paraprofessionals; front-line field support personnel; tutors; parents; and others seeking introductory, practical, and immediately useful information about evidence-based interventions for autism.

✓ Innovative Learning’s “Qualified Autism Services” (QAS) program offers tiered training courses ensuring needed qualifications are met for coursework and supervision per recent legislative action for Applied Behavior Analysis (ABA) methodology.

✓ Provides immediate solution for training to accommodate current ABA requirements, and a roadmap for advancing knowledge and qualifications, ensuring effective treatment options, and fulfilling requirements for local and state laws.

✓ Provides coursework for the Board Certified Behavior Analyst (BCBA) and endorsed by the Behavior Analysis Certification Board (BACB) credentialing for BCBA coursework.

✓ Outstanding learner outcomes, train workforces more quickly and efficiently, approved for semester credit hours, remote supervision available.

✓ Idaho Department of Health and Welfare, Delaware Department of Education, California Commission on Teacher Credentialing, Pacific Child and Family Associates (CA, AZ, OH, PA, VA, NM, OR), ACCEL (AZ), Over 300 School Districts in California (over 6,000 teachers) including some of the largest districts including LAUSD, Riverside USD, Santa Ana USD, Irvine USD, Vista USD, Eden Autism Services (NJ, FL), New Mexico Medicaid Waiver Program, Anchor Bay School District (MI), and numerous private providers.
