FIGHTING FOR CIVIL RIGHTS FOR BETTER LIVES

One in 44 Americans are on the autism spectrum, and 1 in 5 have a disability. Yet people with autism continue to face biases and barriers that systematize poverty within and prejudice against the community.

Too many people with autism live separate and unequal lives, particularly those from minority and low-income households. Autism Alliance of Michigan affirms that people on the spectrum and all Michiganders with disabilities were born with unalienable rights. The fact that these rights are denied to so many highlights the unjust and intractable social-political forces that must be overcome.

**Join us at the 2023 Michigan Shines for Autism
Gala and demonstrate your support & advocacy
for Michigan's autism community.**

FIGHTING FOR CIVIL RIGHTS FOR BETTER LIVES

Autism Alliance of Michigan works to better the lives of autistic people simultaneously on three levels:

ON A SYSTEMIC LEVEL

The Alliance is changing health care, education, employment, and housing systems for people with disabilities with a goal of making Michigan the best state in the U.S. for autism.

ON A COMMUNITY LEVEL

The Alliance is dismantling social barriers to inclusion and acceptance.

ON A PERSONAL LEVEL

The Alliance, one family at a time, is working to empower self and family advocates in their quest for services and acceptance – keys to high qualities of life.

HOTEL RESERVATIONS

We have reserved room blocks at MotorCity Casino Hotel for this event for a special discounted rate.

Guests have until March 22, 2023, to book a room using our group code.

VACCINATION POLICY

Although guests are not required to show proof of COVID-19 vaccination to attend this event, Autism Alliance of Michigan (AAoM) reserves the right to update this policy and instate vaccination, masking, and social distancing requirements if an unexpected surge in COVID-19 occurs leading up to the event.

The health and wellness of Michigan's autism community continues to be our top priority. AAoM supports current United States Center for Disease Control and American Academy of Pediatrics vaccination guidelines for COVID-19 vaccination and recommends children and adults are vaccinated accordingly.
