

Early Literacy

Presented By: Tamiko Teshima, M.A, CCC-SLP
Speech-Language Pathology Consultant, AAoM

What is Literacy?

Brainstorm: What are some skills one needs to be “literate” (i.e. knows letter-sound relationship, etc.).

What are these pre-literacy skills?

Alphabet Knowledge:

Print Knowledge:

Phonological Awareness:

Narrative Skills:

Vocabulary Skills:

Print Motivation:

What are some of the unique challenges children with ASD experience when it comes to literacy?

In addition to the examples given, can you think of any other ways to encourage literacy at home? Brainstorm a few ideas?

- Follow your child's lead
- Ask open-ended questions (and model the answers)
- Wordless books (and model)
- Tactile feedback books
- Have a variety of print materials in your home
