### **Social Narrative:**

***Social narratives are stories that help individuals with Autism understand social situations, expectations, social cues, new activities, and/or social rules.***

1. Why would someone use a social narrative?
  
2. Who would benefit from a social narrative?
  
3. What is the format of the social story?
  
4. Sentences
  - Descriptive:
  
  - Perspective:
  
  - Directive:
  
  - Affirmative:
  
5. How do we put a social narrative together?
